Our company's initiatives for achieving SDGs

Utilization of diverse human resources
We endeavor to create an environment in which diverse human resources can play active roles with the aim of preventing discrimination based on gender, disability, nationality, or religion.
Specific initiatives
Reviewing the company's policies and regulations (such as eliminating discrimination in salaries, working hours, and benefits relating to gender, disability, or nationality); disseminating information among company employees through in-house training; and creating an appropriate working environment and treatment for foreign-national employees
Relevant goals
  

Announcement of ESG/SDGs initiatives
We determine the company's SDGs initiatives, educate employees on the social significance and purpose for the company of these initiatives, and contribute to society.
Specific initiatives
Announcing management plans and policies incorporating SDGs; establishing targets/policies for promoting SDGs; monitoring implementation; and publishing information on SDGs initiatives on the company's website.
Relevant goals
   

Establishment of a recycling business
We are promoting the establishment of a recycling business in order to protect the global environment of the future
Specific initiatives
Protecting the environment; promoting the plastic bottle recycling business, solving the problem of ocean plastic waste
Relevant goals
   

Development of biomaterials/mono-materials
Promoting the development/commercialization of products such as bioplastics to reduce ocean pollution caused by fossil-based plastics
Specific initiatives
Developing biomaterials/mono-materials; collaborating with research institutions and partner companies
Relevant goals
   

SUSTAINABLE DEVELOPMENT GOALS

SDGs (Sustainable Development Goals)

The SDGs are international goals for a sustainable and better world by 2030 that were adopted at the United Nations Summit held in September 2015. Comprising 17 goals and 169 targets, the SDGs contribute to solving many issues in the areas of education, environment, social protection, and recruitment opportunities.
